

Supra

Supra is an elegant, totally built-up gazebo, effectively protecting against wind, rain and snow. Here, you can enjoy your garden in total privacy behind a tinted gazing. The spacious area within the gazebo, i.e. over 11 m2, provides a good shelter for possible accessories, such as a table, stools, etc.

Standard features include a skylight viewing area, window pin locks, door latch with a keyed dead bolt lock. All windows are bronze or transparent plexiglass (4mm) giving soft, gentle light, whilst protecting your privacy.

The gazebo is equipped with 3 double, opening windows. Optional low voltage lighting and wooden floors are offered. Deco is designed to make installations easy, rewarding, and even fun. The assembly set is delivered in ready form, i.e. complete walls for quick assembly that enable completion within just 4 hours.
